I. INTRODUCTION

4201 Arkansas Metropolitan District Nos. 1 & 2, (individually, a “District,” and collectively, the “Districts”), located in the City and County of Denver (the “City”), may be created after approval of this consolidated service plan by Denver City Council. Once created, each District shall be a quasi-municipal corporation and political subdivision of the state and an independent unit of local government, separate and distinct from the City. Each District’s activities shall be subject to review by the City only as provided by this consolidated service plan, state or local law, intergovernmental agreement, or where such District’s activities deviate in a material manner from this consolidated service plan. The Districts will provide Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the Districts. The primary purpose of the Districts will be to finance and construct these Public Improvements.

This consolidated service plan contains the Districts’ purpose, powers, requirements, and Financial Plan. The Districts shall be responsible for compliance with the City’s municipal code, rules, regulations, and policy, and all other applicable law. The Districts shall, respectively, ensure that each District’s Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental entities having jurisdiction.

II. DEFINITIONS

Aggregate Mill Levy: The total mill levy resulting from adding each District’s Debt Mill Levy and Operating Mill Levy.

Aggregate Mill Levy Maximum: The maximum number of combined mills that the District may levy for its Debt Mill Levy and Operating Mill Levy not to exceed fifty (50.000) mills, subject to any Gallagher Adjustments allowed under Section X.B.4, *infra*.

Board: The members of each District’s respective Board of Directors.

CDOT: The Colorado Department of Transportation.

City: The City and County of Denver, Colorado.

C.R.S.: The Colorado Revised Statutes, as amended.

Debt: Any obligation of each District wherein such District has promised or pledged to impose an ad valorem property tax levy or impose Fees to pay the obligation. The term obligation includes, but is not limited to, the following: (a) borrowed money of any kind; (b) obligations evidenced by bonds, debentures, notes or similar instruments; (c) obligations upon which interest charges are customarily paid; (d) obligations under conditional sale or other title retention agreements relating to property or assets purchased by each District; (e) except in the ordinary course of business, obligations issued or assumed as the deferred purchase price of property or services; (f) obligations in connection with indebtedness of others secured by (or which the holder of such indebtedness has an existing right, contingent or otherwise, to be secured by) any lien or other encumbrance on property owned or acquired by the Districts, whether or not the obligations secured thereby have been assumed (only to the extent of the fair market value of such asset if such indebtedness has

not been assumed by such District); (g) obligations arising from guarantees made by the Districts; (h) obligations evidenced by capital leases; (i) obligations as an account party in respect of letters of credit and bankers' acceptances or similar obligations issued in respect of the Districts; (j) obligations evidenced by any interest rate exchange agreement and; (k) Developer Obligations. For the purposes of this consolidated service plan, the Districts shall not be authorized to issue Debt.

Debt Mill Levy: A mill levy imposed by the Districts for the purpose of payment of Debt.

D.R.M.C.: The Denver Revised Municipal Code, as amended or re-codified.

Denver Water: The Board of Water Commissioners of the City and County of Denver.

Developer: The person or entity that is a landowner or owner of contractual rights in the Service Area that intends to develop the property.

Developer Obligation: Any agreement executed by either District for the purpose of borrowing funds from any person or entity that is or is related to any party developing or selling land within the Districts' boundaries or who is a Board member of either District.

District: One of the Districts, as organized under this service plan, pursuant Title 32 C.R.S., which is subject to the City's Title 32 Metropolitan District rules and regulations.

Districts: Collectively, both of the Districts, as organized under this service plan, pursuant Title 32 C.R.S., which are subject to the City's Title 32 Metropolitan District rules and regulations.

District Boundaries: The boundaries of Taxable Properties and non-Taxable Properties that are included within each respective District, which may include the Inclusion Area Boundaries as such property is included into the Districts.

DURA: The Denver Urban Renewal Authority.

End User: Any owner, or tenant of any owner, of any property within the Districts, who is intended to become burdened by the imposition of *ad valorem* property taxes and/or Fees. By way of illustration, a resident homeowner, renter, commercial property owner, or commercial tenant is an End User. The person or business entity that constructs homes or commercial structures is not an End User.

Fees: Any fees, rates, tolls, penalties, or charges that shall be imposed by the Districts.

Financing Plan: Document providing information on projected revenue and expenses for the Districts.

Inclusion Area Boundaries: Boundaries of Taxable Properties and non-Taxable Properties that are anticipated to be included within the District Boundaries after organization of the Districts, as described in **Exhibit C** and reflected in the Inclusion Area Boundaries map in **Exhibit D**.

Independent Registered Municipal Advisor: Any person that is not affiliated with the Developer who (i) provides advice to or on behalf of a municipal entity or obligated person with respect to municipal financial products or the issuance of municipal securities, including advice with respect to the structure, timing, terms, and other similar matters concerning such financial products or issues, or (ii) undertakes a solicitation of a municipal entity and is registered with the Securities and Exchange Commission.

Initial District Boundaries: The initial boundaries of the Districts, respectively, as described in **Exhibit A** and reflected in the Initial District Boundaries map in **Exhibit B**.

Manager of Finance: The Chief Executive of the City's Department of Finance.

Operating Mill Levy: A mill levy imposed for the purpose of funding District administration, operations, and maintenance, including but not limited to, repair and replacement of Public Improvements.

Planned Development: Private development or redevelopment of the properties occurring within the Districts' Service Area.

Project: The installation and construction of Public Improvements.

Public Improvements: The improvements summarized in the consolidated service plan and future improvements authorized to be planned, designed, acquired, constructed, installed, relocated, and financed as generally described in the applicable part of Title 32 of C.R.S, except as specifically limited in the *Authorized and Prohibited Powers* section below to serve the future taxpayers and inhabitants of the Districts. A non-exhaustive list of examples is provided in **Exhibit E** of the types of Public Improvements. Regional improvements are not included in **Exhibit E**.

Service Area: An area which includes the District Boundaries and the future Inclusion Area Boundaries.

Special District Act: Article 1 of Title 32 Colorado Revised Statutes, as amended.

Special District Review Committee: Committee of representatives from the City's Department of Finance, Office of Economic Development, Department of Public Works, Department of Community Planning and Development and the City's Attorney's Office. The Committee will be responsible for reviewing proposed new Title 31 districts and Title 32 metropolitan districts within the City and County and Denver.

Taxable Property: Real or personal property within the District Boundaries subject to *ad valorem* taxes imposed by the Districts.

Title 32 Metropolitan District Rules and Regulations: The City's special district rules and regulations for Title 32 metropolitan districts as adopted and may be amended from time to time.

III. LOCATION AND BOUNDARIES

The area of the Initial District Boundaries includes approximately one and sixteen hundredths of one (1.16) acres and the total area proposed to be included in the Inclusion Area Boundaries is approximately thirteen and two tenths of one (13.2) acres. A legal description and map of the Initial District Boundaries are attached hereto as **Exhibit A** and **Exhibit B**, respectively. A legal description and map of the Inclusion Area Boundaries is attached hereto as **Exhibit C** and **Exhibit D**, respectively. The Initial District Boundaries for both Districts currently overlap with one another and it is expected that as development proceeds the District Boundaries for each respective District shall be adjusted pursuant to the requirements of Special District Act. It is anticipated that the District Boundaries may expand or contract from time to time as the Districts respectively undertake inclusions or exclusions pursuant to the Special District Act, subject to the limitations set forth in the Authorized and Prohibited Powers, Section VIII, of this service plan.

In order to implement the multiple district structure for a commercial and residential district, the boundaries of the Districts will need to be eventually reconfigured. It is anticipated that the property to-be-contained within the District Boundaries may be mixed-use, comprising both residential and commercial uses. It is expected that one District will be comprised of residential property and the other District will be comprised of commercial property. The residential District will contain property that may become independent units of real property through a condominium or other similar declaration. Certain air space, which becomes future residential properties, is currently anticipated to be situated above future commercial properties. This air space, which may be developed as future residential units to be located within the residential District are not now and are not anticipated to be included within the commercial District. It is anticipated that the residential District will only be comprised of residential property and the commercial District will only be comprised of commercial property, all located within the District Boundaries.

IV. DESCRIPTION OF PROJECT AND PLANNED DEVELOPMENT

The property within the District Boundaries is currently owned by the CDOT and was the previous site for CDOT's Main Headquarters. CDOT has vacated the premises in order to relocate to a site near Colfax and Federal. Due to Colorado State law, properties owned by the State are required to be offered first to local government agencies and the City exercised an option to acquire the property. The City has since selected the Developer to purchase and develop the property. The closing for the purchase of the property from the City to the Developer is anticipated in late 2018 and the Developer has deemed it necessary to move forward with the application for the proposed Districts as part of its overall planning for the property.

The Developer is seeking the formation of two Title 32 metropolitan districts, in order to achieve the most flexibility with respect to financing, construction, operation and maintenance of the property located within the District Boundaries. The proposed Districts will be established with legal boundaries upon the residential and commercial property, respectively. This will best accommodate the different interests and services that may ultimately be provided to the commercial and residential property and the potential need for differential mill levies.

The financing of the required Public Improvements needed for the development of the property located within the District Boundaries is anticipated to include tax increment financing ("TIF")

issued in cooperation with DURA, and discussions between the Developer and DURA are ongoing. The Developer is currently negotiating with DURA to establish the terms and conditions upon which TIF may be made available for the redevelopment of the property located within the District Boundaries. It is anticipated that the Districts will not issue Debt under this service plan unless and until a future agreement with DURA requires the same.

It is anticipated that the Districts' initial intended purpose will be to facilitate the operation and maintenance of landscaping and common elements within the community, along with other public amenities not otherwise conveyed to the City or other public entities. It is expected that the Districts will undertake covenant and architectural activities within the community.

The Districts will be specifically authorized to levy property taxes up to a total of ten (10.000) mills to fund necessary administration, operation and maintenance costs, subject to adjustment in the future based upon changes in the residential assessment rate under the Gallagher Amendment as permitted by this consolidated service plan. Notwithstanding the foregoing, the Aggregate Mill Levy Maximum for each District shall be fifty (50.000) mills, subject to adjustment in the future based upon changes in the residential assessment rate under the Gallagher Amendment as permitted by this consolidated service plan. Under all circumstances and for so long as the District Boundaries of the Districts overlap with one another, the Aggregate Mill Levy Maximum combined for both Districts shall be fifty (50.000) mills, subject to any Gallagher Adjustments as described in Section X.B.4, *infra*. The Districts will also receive specific ownership taxes based upon its proportionate allocation of the same.

The property within the District Boundaries is an infill site and construction of all necessary improvements will be accomplished through both TIF financing as authorized by DURA and conventional development financing, specifically inclusive of any public improvements that could be deemed to be regional improvements. This will include public improvements required to connect the property to adjacent communities and property, as well as regional drainage requirements.

The property within the District Boundaries is comprised of approximately 13.2 acres, with development currently anticipated to center around an anchor user, with supporting residential, retail, office and commercial space. The contract with the City for the purchase of the property includes requirements for construction of 150 affordable housing units at 60% of Area Median Income within the City, or payment of a cash in-lieu fee to the City's affordable housing fund; at least 150,000 square feet of commercial space; and at least 200 permanent jobs on-site (with a fee to be imposed if either goals are not completed). It is expected that the delivery of product will occur between 2021 and 2023.

The property within the District Boundaries is currently zoned CMP-E12 and S-MX-5 (UO-1 and UO-2), and it is proposed that the zoning for the development be changed to be S-MX-12, S-MX-8, S-MX-5, S-MX-3, and S-MU-3 to allow for a mix of uses that would include retail. It is anticipated that re-zoning efforts associated with the property will conclude with a public hearing and consideration by the City Council in approximately November, 2018. The Developer will also negotiate a development agreement with the City, which is anticipated to proceed along a substantially similar timeline.

V. INCLUSION OF LAND

The Districts shall not include any property outside the Initial District Boundaries except as set forth in the Special District Act and with the Manager of Finance's written approval.

VI. DISTRICT RATIONALE

There are currently no other governmental entities located in the immediate vicinity of the Districts, including the City, that consider it desirable, feasible, or practical to undertake the planning, design, acquisition, construction, installation, relocation, redevelopment, or financing of Public Improvements needed for the Planned Development. Therefore, formation of the Districts is necessary for the provision of the Public Improvements required for the Planned Development.

VII. DISTRICT GOVERNANCE

Each District's Board shall be comprised of eligible electors residing within or owning property within such respective District. It is anticipated that over time, End Users will assume direct electoral control of each District's Board as development progresses. The Districts shall not enter into any agreement by which End Users' electoral control of the Board is removed or diminished.

VIII. AUTHORIZED AND PROHIBITED POWERS

The Districts shall have the power and authority to provide Public Improvements, and related operation and maintenance services, within and without the District Boundaries as such powers and authorities are described in Colorado Revised Statutes, other applicable statutes, common law and the Colorado constitution, subject to the limitations set forth herein:

A. Prohibited Services, Restrictions, and Limitations.

1. Covenant Control.

The Districts shall be authorized to impose, manage, or provide covenant enforcement actions in conformance with the Special District Act.

2. Eminent Domain Restriction.

The Districts are not authorized to exercise the power of eminent domain except upon prior approval by City Council.

3. Fee Limitation.

All Fees related to the repayment of Debt shall be authorized to be imposed by the Districts upon all property within the District Boundaries for repaying Debt only if such Fees are due and payable no later than upon the issuance of a building permit by the City. Notwithstanding any of the foregoing, this Fee limitation shall not apply to any Fee imposed to fund the operation, maintenance, repair, or replacement of Public Improvements or the administration of the Districts, nor shall this Fee limitation apply if the majority of such District's Board is composed of End Users.

4. Fire Protection Restriction.

The Districts are not authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City. The authority to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire hydrants and related improvements installed as part of the water system shall not be limited by this subsection.

5. Public Safety Services.

The Districts are not authorized to provide policing or safety enforcement services. However, the Districts may, pursuant to C.R.S. § 32-1-1004(7), as amended, furnish security services pursuant to an intergovernmental agreement with the City.

6. Grants from Governmental Agencies Restriction.

The Districts will not apply for funds distributed by any agency of the United States Government or the State of Colorado without the prior written approval of the Manager of Finance. This does not restrict the collection of Fees for services provided by the Districts to the United States Government or the State of Colorado.

7. Golf Course Construction Restriction.

Acknowledging that the City has financed public golf courses and desires to coordinate the construction of public golf courses within the City's boundaries, the Districts shall not be authorized to plan, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain a golf course unless such activity is pursuant to an intergovernmental agreement with the City.

8. Residential Solid Waste Collection Restriction.

The Districts shall not provide, directly or indirectly, solid waste collection services for residential properties unless: (a) the property in question is excluded from solid waste collection services provided by the City; or (b) such activity is pursuant to an intergovernmental agreement with the City.

9. Sales and Use Tax Exemption Limitation.

The Districts shall not exercise any sales and use tax exemption in the D.R.M.C.

10. Sub-district Restriction.

The Districts shall not create any sub-district pursuant to the Special District Act without the prior written approval of the Manager of Finance.

11. Television Relay and Translation Restriction.

The Districts are not authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, unless such facilities and services are provided pursuant to written approval from the Manager of Finance

12. Environmental Remediation.

To the extent that any environmental remediation is required for any of the Public Improvements, the Districts shall be expressly authorized to provide for such environmental remediation efforts.

13. Water Rights Restriction.

The Districts shall not acquire, own, manage, adjudicate or develop water rights or resources except as otherwise provided pursuant to an intergovernmental agreement with Denver Water.

IX. PUBLIC IMPROVEMENTS AND ESTIMATED COSTS

Exhibit E summarizes the type of Public Improvements that are projected to be constructed and/or installed by the Districts. The cost, scope, and definition of such Public Improvements may vary over time. The total estimated costs of Public Improvements, as set forth in **Exhibit F** are approximately \$24,272,114 in 2018 dollars and total approximately \$24,272,114 in the anticipated year of construction dollars. The cost estimates are based upon preliminary engineering, architectural surveys, and reviews of the Public Improvements set forth in **Exhibit E** and include all construction cost estimates together with estimates of costs such as land acquisition, engineering services, legal expenses, and other associated expenses. Maps of the anticipated location of Public Improvements are attached hereto as **Exhibit G**. The list of Public Improvements may be modified as part of the City review process.

The design, phasing of construction, location, and completion of Public Improvements will be determined by the Districts to coincide with the phasing and development of the Planned Development and the availability of funding sources. The Districts may, in their respective discretion, phase the construction, completion, operation, and maintenance of Public Improvements or defer, delay, reschedule, rephrase, relocate, or determine not to proceed with the construction, completion, operation, and maintenance of Public Improvements, and such actions or determinations shall not constitute material modifications of this consolidated service plan.

The Districts will ensure that Public Improvements to be funded by the Districts are designed and constructed in accordance with the standards and specifications of the City and of other entities having jurisdiction. The Districts will obtain all required approvals of plans, specifications, and permits for construction, operation, maintenance, installation, repair, and replacement of such Public Improvements prior to performing such work.

The Public Improvements set forth in this consolidated service plan and exhibits shall be listed in the ownership and maintenance matrix in **Exhibit H**, either individually or categorically, to identify the ownership and maintenance responsibilities of the Public Improvements.

The City has ordinances relating to the payment of prevailing wages, public art, and small or disadvantaged business enterprises' participation in the City contracting for construction, installation, and certain maintenance activities. The Districts shall comply with the following requirements:

A. Contracting.

The Districts shall comply with all applicable state and local legal requirements concerning public bidding and construction contracting.

B. Land Acquisition and Conveyance.

The Districts shall not condemn property or easement without the prior approval of City Council. The purchase price of any land or improvements acquired by the Districts from the Developer shall be no more than the then-current fair market value as confirmed by an independent MAI appraisal for land and an independent engineer for improvements. Land, easements, improvement, and facilities conveyed to the City shall be free and clear of all liens, encumbrances, and easements, unless otherwise approved by the City prior to conveyance. All conveyances to the City shall be by special warranty deed, shall be conveyed at no cost to the City, shall include an ALTA title policy issued to the City, shall meet the environmental standards of the City, and shall comply with any other conveyance prerequisites.

C. Prevailing Wages Requirement.

For any District contract relating to the acquisition, construction, installation, repair, replacement, operation, or maintenance of any Public Improvements, the Districts shall comply with the wage provisions of the D.R.M.C., as amended, that are applicable to City contracts relating to the payment of prevailing wages. However, where the District is required to comply with Davis-Bacon or other federal wage requirements, the Districts shall not be required to comply with the wage provisions of the D.R.M.C.

D. Small or Disadvantaged Business Enterprises.

To the extent the Districts are not required to comply with more restrictive provisions in accordance with a project funding source, as determined by the Director of the Division of Small Business Opportunity Office, or its successor agency, the Districts shall comply with the City's then-current ordinances relating to: (a) minority and women business enterprise participation as currently set forth in Division 1 and Division 3 of Article III, Title 28 of the D.R.M.C., as the same may be amended or re-codified from time to time; and (b) small business enterprise participation as currently set forth in Article VII, Title 28 of the D.R.M.C., as the same may be amended or re-codified from time to time; and (c) any small or disadvantage business enterprise ordinances that may subsequently be adopted by the City Council with respect to construction work that is not under contract at the time of adoption of such ordinance. Equal Employment and Discrimination.

In connection with the performance of all acts or activities hereunder, the Districts shall not discriminate against any person otherwise qualified with respect to its hiring,

discharging, promoting or demoting or in matters of compensation solely because of race, color, religion, national origin, gender, age, military status, sexual orientation, gender identity or gender expression, marital status, or physical or mental disability, and further shall insert the foregoing provision in contracts or subcontracts let by the Districts to accomplish the purposes of this service plan.

E. Public Art Requirement.

The Districts shall initiate and implement a public art program as currently set forth in Sections 20-85 through 20-89 of the D.R.M.C., as amended, or any similar ordinances subsequently adopted.

X. FINANCING PLAN/PROPOSED INDEBTEDNESS

This section of the consolidated service plan describes the nature, basis, method of funding and financing limitations associated with the acquisition, construction, completion, repair, replacement, operation, and maintenance of Public Improvements. A Financing Plan for the Districts is attached hereto and incorporated herein as **Exhibit I**; the figures and assumptions contained in the Financing Plan are preliminary, and may be subject to further modification or revision as development of the property located within the District Boundaries proceeds, and modifications to the Financing Plan necessary to accommodate changes in phasing or development of the Project shall not be considered to be a material modification of this consolidated service plan.

A. Financing Plan.

The District's Financing Plan reflects its anticipated schedule for incurring Debt to fund Public Improvements in support of the Project. The Financing Plan also reflects the schedule of all anticipated revenues flowing to the District derived from District mill levies, Fees levied by the District, specific ownership taxes, and all other anticipated legally available revenues. The Financing Plan incorporates all of the provisions of this Part X of the service plan.

Based upon the assumptions contained therein, the Financing Plan projects the issuance of Bonds to fund Public Improvements and anticipated Debt repayment based on the development assumptions and absorptions of the property in the Inclusion Area by End Users. The Financing Plan anticipates that the District will acquire, construct, and complete all Public Improvements needed to serve the Service Area. It is anticipated that the Districts will not issue Debt under this service plan unless and until a future agreement with DURA requires the same.

The Financing Plan demonstrates that the District will have the financial ability to discharge all Debt to be issued as part of the Financing Plan on a reasonable basis. Furthermore, the District will secure the certification of an Independent Registered Municipal Advisor who will provide an opinion as to whether such Debt issuances are in the best interest of the District at the time of issuance.

B. Mill Levies.

It is anticipated that each District will impose an Operating Mill Levy and a Debt Mill Levy on all property within the District Boundaries.

1. Aggregate Mill Levy Maximum.

The Aggregate Mill Levy Maximum is the maximum combined amount that each District may impose for its Debt Mill Levy and its Operating Mill Levy in any year. The Aggregate Mill Levy Maximum is fifty (50.000) mills. For so long as the District Boundaries of the Districts overlap with one another, the Aggregate Mill Levy Maximum combined for both Districts shall be fifty (50.000) mills, subject to any Gallagher Adjustments as described in Section X.B.4, *infra*.

2. Operating Mill Levy.

The District may impose an Operating Mill Levy of up to ten (10.000) mills. Once the District imposes a Debt Mill Levy, the District's Operating Mill Levy cannot exceed ten (10.000) mills.

3. Assessed Value and Mill Levies.

At such time as the Debt is equal to or less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the Debt Mill Levy to be imposed to pay on the Debt, shall not be subject to the Aggregate Mill Levy Maximum and may be unlimited as to rate and may be levied at the rate necessary to pay the Debt service on such Debt, provided however that the District shall not issue additional Debt that would cause the aggregate Debt to exceed 50% of the District's then assessed value. For the purposes of the forgoing, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District's Debt to assessed valuation ratio. All Debt issued by the District must be issued in compliance with the requirements of the Special District Act and all other state legal requirements.

4. Gallagher Adjustments.

In the event the state's method of calculating assessed valuation changes after approval of this service plan, each District's Aggregate Mill Levy, Debt Mill Levy, Operating Mill Levy, and Aggregate Mill Levy Maximum, amounts herein provided may be increased or decreased to reflect such changes; such increases or decreases shall be determined by such District's Board in good faith so that to the extent possible, the actual tax revenues generated by such mill levies, as adjusted, are neither enhanced nor diminished as a result of such change.

5. Maximum Debt Mill Levy Imposition Term.

The Maximum Debt Mill Levy Imposition Term shall not exceed forty (40) years from December 31 of the year this service plan is approved by City Council. Upon the expiration of the Maximum Debt Mill Levy Imposition Term, the District shall not impose a levy for repayment of any Debt. The Maximum Debt Mill Levy Imposition Term may be exceeded for refunding purposes only if the majority of the District Board is composed of End Users.

6. Excessive Mill Levy Pledges.

Any Debt, issued with a pledge or which results in a mill levy pledge, that exceeds the Aggregate Mill Levy Maximum or the Maximum Debt Mill Levy Imposition Term, described below, shall be deemed a material modification of this service plan and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a service plan amendment.

C. Interest Rate and Underwriting Terms Certification.

The interest rate on any Debt shall be set at a market rate at the time the Debt is issued. The District shall retain an Independent Registered Municipal Advisor to provide an opinion on the market reasonableness of the interest rate on any Debt and any underwriter discount paid by the District as part of a Debt financing transaction. Debt, when issued, will comply with all relevant requirements of this service plan.

D. Independent Registered Municipal Advisor.

An Independent Registered Municipal Advisor shall be retained by the District to provide an opinion that any Debt issuance is in the best interest of the District once the total amount of Debt exceeds Five Million Dollars (\$5,000,000). Independent Registered Municipal Advisor opinion to provide advice to the District Board regarding the proposed terms and if conditions are reasonable based upon the status of development within the District, the projected tax base increase in the District, the security offered, and other considerations as may be identified by the advisor. The District shall include in the transcript of any bond transaction or other appropriate financing documentation for related debt instrument a signed letter from the Independent Registered Municipal Advisor providing an official opinion on the structure of the Debt stating the advisor's opinion that the cost of issuance, sizing, repayment term, redemption feature, couponing, credit spreads, payment, closing date, and other material transaction details of proposed Debt serve the best interest of the District.

Debt shall not be undertaken by the District if found to be unreasonable by the Independent Registered Municipal Advisor.

E. Disclosure to Bond Purchasers.

District Debt shall set forth a statement in substantially the following form:

“By acceptance of this instrument, the owner of this Debt agrees and consents to all of the limitations with respect to the payment of the principal and interest on this Debt contained herein, in the resolution of the District authorizing the issuance of this Debt and in the service plan of the District. This Debt is not and cannot be a Debt of the City and County of Denver”

Similar language describing the limitations with respect to the payment of the principal and interest on Debt set forth in this service plan shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, a developer of property within the District Boundaries.

F. Disclosure to Land Purchasers.

The Districts will use reasonable efforts to assure that all End Users purchasing property within the District Boundaries and Inclusion Area Boundaries receive a written notice regarding the Maximum Debt Mill Levy, as well as a general description of the Districts' authority to impose and collect Fees.

XI. BANKRUPTCY LIMITATIONS

All of the limitations contained in this consolidated service plan, including, but not limited to, those pertaining to the Aggregate Mill Levy Maximum and Fees have been established under the authority of the City to approve a service plan. It is expressly intended that such limitations:

A. No Set Aside.

Shall not be set aside for any reason, including by judicial action, absent a service plan amendment; and

B. Bankruptcy Code Provisions.

Are, together with all other requirements of Colorado law, included in the “political or governmental powers” reserved to the state under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the “regulatory or electoral approval necessary under applicable nonbankruptcy law” as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

XII. REGIONAL IMPROVEMENTS

The District shall be authorized to provide for the planning, design, acquisition, funding, construction, installation, relocation, redevelopment, administration, and overhead costs related to the provision of regional improvements, upon consultation with and approval by the City. Under all circumstances, the regional improvements shall be Public Improvements that the District would otherwise be authorized to design, construct, install re-design, re-construct, repair, or replace pursuant to this service plan and applicable law.

XIII. CITY FEES

The Districts shall pay all applicable City fees in accordance with the City's Title 32 Special District Rules and Regulations and any other applicable City rules and regulations.

XIV. ANNUAL REPORTS

The Districts shall prepare all reports required by the City's Title 32 Special District Rules and Regulations. The Districts will be responsible for verifying that all required reports comply with the current Title 32 Special District Rules and Regulations. At the request of the Manager of Finance, the Districts shall make available to the City any financial documents, including but not limited to, current and historical budgets, current and historical audits, and other documentation related to each District's financials or operations. Such documents shall be presented to the City within fifteen (15) days of such request.

XV. SERVICE PLAN AMENDMENTS

This consolidated service plan has been designed with sufficient flexibility to enable the Districts to provide required services and facilities under evolving circumstances without the need for numerous amendments. Actions of the Districts which violate the limitations set forth in this consolidated service plan or deviate in a material manner, shall be deemed to be material modifications to this consolidated service plan and the City shall be entitled to all remedies available under state and local law.

XVI. DISSOLUTION

Upon determination by City Council that a District's purposes have been accomplished, such District shall file a petition in district court for dissolution, pursuant to the Special District Act. In no event shall dissolution occur until such District has discharged of all its outstanding Debt.

EXHIBIT D

Map of Inclusion Area Boundaries

EXHIBIT E

Public Improvements

1. Street Improvements. Both on-site and offsite street improvements as permitted by the Special District Act, including but not limited to curbs, gutters, culverts, and other drainage facilities; alleys; sidewalks, bike paths and pedestrian ways; median islands; paving; parking facilities; lighting; grading; landscaping and irrigation, together with all necessary, incidental, and appurtenant facilities, land and easements, along with extensions of and improvements to said facilities within and without the boundaries of the Districts.

2. Traffic and Safety Signals. Facilities and/or services for a system of traffic and safety controls and devices on streets and highways as authorized by the Special District Act, including but not limited to signalization, signing and striping, together with all necessary, incidental, and appurtenant facilities, land and easements, together with extensions of and improvements to said facilities within and without the boundaries of the Districts.

3. Water Improvements. A potable and non-potable local water distribution system as authorized in the Special District Act, which may include, but shall not be limited to, distribution mains and laterals, pressure reducing stations, wells, irrigation facilities, hot and chilled water distribution mains and lines, land and easements, and all necessary, incidental, and appurtenant facilities, together with extensions of and improvements to said system within and without the boundaries of the Districts.

4. Sanitation Improvements. A local sanitary sewage collection and transmission system as authorized by the Special District Act, which may include, but shall not be limited to, collection mains and laterals, transmission lines, and all necessary, incidental, and

appurtenant facilities, land and easements, together with extensions of and improvements to said system within and without the boundaries of the Districts.

5. Storm Drainage Improvements. A local storm drainage system as authorized by the Special District Act, which may include, but shall not be limited to, storm sewer, flood and surface drainage facilities and systems, including detention/retention ponds and associated irrigation facilities, and all necessary, incidental, and appurtenant facilities, land and easements, together with extensions of and improvements to said system within and without the boundaries of the Districts.

6. Park and Recreation Improvements. Parks and recreational facilities and programs as authorized by the Special District Act located within the Development or as otherwise specified pursuant to separate agreement with the City, including, but not limited to, pedestrian plazas, parks, bike paths and pedestrian ways, open space, landscaping, recreational facilities, irrigation facilities, and all necessary, incidental and appurtenant facilities, land and easements, together with extensions of and improvements to said facilities within and without the boundaries of the Districts.
